Dance Material	Technique			Style/Performance					Mastery (average of scores)	Notes
	Body/ Arms	Legs/ Arch	TOX	Fluidity	Buoyancy	Material	Musicality	Presence		
Prizewinner Reel	5	5	4	5	4	5	5	4	4.625	Nice Extension! Try to keep your head up; you've got this! I would like to see more "attack" at the beginning (1 st 4 bars in particular); I think this will help to lock in your rhythm better.
"Garden of Daisies"	5	5	4	5	5	5	5	4	4.75	Cross over more on "heel, switch heel." Great style, and nice squeezed rocks! Continue to work on back foot turnout.

Additional Notes/Comments:

Really nice dancing! Your rhythm felt very fluid and musical. Don't forget to keep your head up and engage with the audience; dancing is fun!
